30 June 1964

MEMORANDUM FOR: Deputy Director (Intelligence)

In connection with the recent exchange between Krag and Khrushchev as to possible shoot-down of U-2s after the elections, this is to remind that I want a note to Ambassador Thompson and to McGeorge Bundy inviting this specifically and personally to their attention and indicating our concern that we should consider appropriate courses of action to get our own position signaled clearly back to Khrushchev.

Marshall S. Carter
Lieutenant General, USA
Deputy Director
